Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Levee Protection Planning and Improvements Project in fiscal year 2023.

The entity to receive funding for this project is City of Foster City, located at 610 Foster City Boulevard, Foster City, CA 94404.

The funding would be used for raising a levee to maintain FEMA accreditation of the levee and protect Foster City homes, schools, businesses, and essential city services and infrastructure during storms and high tides, and from future sea level rise.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jackie Speier
Member of Congress
